I am a front end web developer walking toward becoming a full stack developer. I am also into graphic designs and logo creation.

EXPERIENCE

ATTENDANCE WEBPAGE FOR ACHIEVER UNIVERSITY OWO

March 2023

I was tasked with the job of being the head of the project, in which a website was created using QR code as a access point, UI/UX designs for layout and web developer for the creation of the website. I created the login page, register page and dashboard.
